Publication of Safeguarding Adults Review: “Hannah”

On behalf of Camden’s Safeguarding Adults Partnership Board, I express our sincere condolences to Hannah’s daughter and family. My thanks to her for her contributions to this Safeguarding Adult Review and to the partner agencies who also participated. Our Board appreciates the clarity of Eliot Smith’s comprehensive report and we are committed to fully considering his findings and to improving our future responses to become demonstrably more holistic, informed, proactive and integrated in keeping with the recommendations of this Safeguarding Adult Review.
