

Graffiti

Graffiti is illegal, anti-social, makes the local area unattractive and is costly to remove.

What we do

- Respond to over 250 reports a month (often the same locations are repeatedly targeted)
- Paint over graffiti or remove it with high-pressure washing
- Put anti-graffiti coating on heavily affected areas so they can be easily wiped clean

What you can do

- See it? Report it.
- Download the free Love Clean Streets app to report easily wherever you are.

Know a targeted area?

Contact us at street.environment@camden.gov.uk to tell us where we should apply anti-graffiti coating and provide cleaning wipes to remove future incidents hassle-free.*

Live or work at somewhere affected?

Try growing plants over the area or painting a mural.

Contact us for more advice. Residents without online access can call **020 3567 8105**.

*If the location is on private property, the landowner must give permission and there may be a cost for anti-graffiti painting and wipes.
