**Introduction**

This document relates to the Oracle Automated Invoice Processing where a supplier’s invoicing method is:

- To email a PDF copy of their invoice. It then flows through an automated process of the invoice being read and imported onto the Oracle system.

The document also provides the steps involved for the supplier to View/Query:

- Purchase Orders
- Invoices
- Payments
- Remittances
1. Oracle - AIP workflow

The Oracle Automated Invoice Processing workflow is illustrated below:
2. Process to be followed by the Supplier

This section consists of the details regarding emailing your PDF invoice.

1. The supplier emails the PDF invoice/credit note as an attachment.

- The Email address to be used: AIPInvoices@camden.gov.uk
  (This is a ‘No Reply’ email address).
• Below are the type of invoice scenarios that can be submitted in one email:
  
i. Single page invoice in one attachment  
ii. Multiple page invoice in one attachment  
iii. Multiple attached invoices  

Please note the following:  
  o One attachment in a single email should contain one invoice only and should not exceed 10 MB.  
  o If submitting multiple attachments in a single email, the total size of all attachments should not exceed 10 MB.  
  o Supporting documents (if any) should be included with the invoice attachment and not as a separate attachment.  

2. Purchase to Pay will triage all incoming invoices and confirm the following:  
   • The invoice/credit note is in PDF format  
   • The purchase order is quoted on the invoice/credit note  
   • The invoice/credit note is of good quality  
   • The supplier exists  

3. Invoices are triaged and imported into the system once every morning.
3. Logging into Oracle

This section consists of the details on how to log into the Supplier Portal on Oracle. The preferred browsers to use are Mozilla Firefox or Chrome.

1. Go to your browser and enter the Oracle site URL:
